INSTRUCTIONS FOR REQUESTING VISITS TO NIKE ZEUS/
NIKE X/PROJECT PRESS TEST SITES,
KWAJALEIN ATOLL, MARSHALL ISLANDS

1. All visits to Kwajalein Atoll, relating to Army activities on NIKE ZEUS, NIKE X, and Project PRESS, must be approved by the ZEUS Project Office, Redstone Arsenal, Alabama.
2. Personnel planning to visit Kwajalein, except personnel of the ZPO, NIKE ZEUS/NIKE X contractors, Project PRESS contractors, HED personnel and their contractors engaged in construction or modification of Army facilities at Kwajalein, must forward the following information to the ZEUS Project Office, Redstone Arsenal, Alabama, ATTN: AMCPM-ZEA, at least 20 days prior to the planned visit:
 - a. Name(s), rank, position or job title, and agency represented.
 - b. Purpose of visits and personnel to be contacted.
 - c. Date and length of visit.
 - d. Method of travel and itinerary.
3. Security clearance (SECRET required) must be forwarded to the ZEUS Project Office, ATTN: AMCPM-ZES, with an information copy to Chief, Pacific Field Office, Kwajalein, at least 10 days prior to the planned departure date.
4. Visits may be denied or postponed if request and/or clearance(s) are received later than the dates outlined in paragraph 2 and 3 above.
5. Visit requests are processed in the following priority:
 - a. Technical personnel of development contractor.
 - b. Technical personnel of supporting agencies.
 - c. Management personnel:
 - (1) Military agencies
 - (2) Contractor agencies
 - d. Personnel on special tours not specifically associated with the test program.

6. a. Proper identification - Documentary proof of citizenship (passports are recommended, but are not required). Military personnel must have identification card, DD Form 2A, and civilian personnel identification card, DD Form 1602, or equivalent, in possession.

b. Immunization - In accordance with AR-40-562, dated 5 September 1962, and BUMED INST No. 6320, dated 19 July 1962, at least the first of a series must be obtained, recorded, and the record in hand prior to departure. Inoculations presently required are Smallpox, Typhoid, Diphteria, Tetanus, Typhus, Yellow Fever, Cholera and Folia. Polio immunizations must include Sabin Oral Vaccine (Types I, II, & III).

7. Upon arrival at Kwajalein, each visitor must contact the Chief, ZPO Pacific Field Office, who has been delegated as the single point of contact for all Kwajalein activities.

8. Transportation of personnel to Kwajalein is accomplished primarily by Military Air Transport Service. The current MATS schedule (Incl 1) provides two round-trip flights weekly between Honolulu and Kwajalein; however, the schedule is subject to change. Each individual visitor or agency must arrange its own transportation via MATS or other means. Use of the ZEUS Charter flight (this is a flight under contract to BTL to provide transportation of NIKE ZEUS/X and Project PRESS equipment and personnel) is restricted to Project personnel and personnel of the NIKE ZEUS/X and Project PRESS Contractors. Other personnel of Project interest desiring space on the ZEUS Charter flight may request space, on a space available basis, from the ZEUS Project Office, Redstone Arsenal, Alabama. Although approval may be granted on a space available basis at the time of the request, it is not an absolute assurance that a cancellation may not occur, due to project or flight equipment and/or personnel. If a cancellation is required, the requesting agency will be notified at the earliest possible date.

9. Useful information about Kwajalein:

a. Location

Kwajalein Island is located at the southern tip of Kwajalein Atoll in the Pacific Ocean, approximately 2200 NM southwest of Honolulu, Hawaii, 1450 miles southwest of Johnston Island, and 650 miles south of Wake Island. It lies approximately 8 degrees north of the equator and 167 degrees east longitude. Kwajalein is located west of the International Date Line; thus, the Kwajalein calendar is one day ahead of the U. S. Calendar. Kwajalein time is equivalent to ZULU time plus 12 hours. Roi Namur, the site of Project PRESS activities, is located in the Kwajalein Atoll, approximately 50 NM north of Kwajalein Island.

b. Climate

The climate at Kwajalein is very warm and humid the year around - similar to Southern Florida. Tropical or summer dress is the rule.

c. Facilities

Kwajalein has essentially all of the facilities normally found at a CONUS Military Installation. The runway at Kwajalein Atoll Airport is 6800 feet in length, suitable for use by four-engine propeller type aircraft. An additional runway of 4200 feet is located at Roi Namur. A number of round trip flights, in C-47 type aircraft, are made each day between Kwajalein and Roi Namur. Numerous club facilities are operated at Kwajalein. The Yowke Yok Club is available for officers (and civilians with officer status) and their dependents, the MAD Club for enlisted military personnel and dependents, and two additional clubs for all other personnel.

d. Communications

Communications available on Kwajalein and Roi Namur consist of telephones for official business or emergency use, teletypes for private messages, and standard military telegraph facilities. In addition, a number of ham radio stations, with voice patching capability, are located within the Kwajalein Atoll.

e. Mail

Air Mail service to Kwajalein averages six calendar days each way. Mailing address for Kwajalein/Roi Namur is: Name of agency or individual, Navy 824, Box 26, Fleet Post Office, San Francisco, California.

f. Customs

Personnel returning from Kwajalein are required to clear through customs upon re-entry into the United States, normally at Honolulu, Hawaii. All items obtained or procured at Kwajalein must be declared at that time.

10. Proper address for the Pacific Field Office is:

Pacific Field Office
U. S. Army Materiel Command
Navy 824, Box 26, FPO
San Francisco, California
